Unlimited Possibilities @ Your Library is the theme chosen for **National Library Week 2015, April 12–18**. Initiated in 1958, National Library Week has become a nationwide celebration of libraries and the essential role that they play in the enrichment of people's lives. Patrons turn to libraries in their quest for knowledge, to grow and to achieve their dreams. Librarians offer expert guidance to assist users to expand their worlds and to enter new realms of creativity.

The Glenview Public Library offers a wealth of unlimited possibilities to its patrons every day. Here are just a few that you may want to check out:

- Treat yourself to one of the many **Adult Enrichment Programs** offered year-round: concerts, special lectures and culinary events—diverse topics to appeal to a wide variety of interests.
- Learn more about your “Family Tree” utilizing the resources available in the **Genealogy & Local History Room**. Rare documents and books on Glenview's history and early settlers to the region, access to genealogy databases, such as **Ancestry.com** and archival holdings on microfilm and microfiche are all available to enable your search.
- Combine early literacy, family engagement and physical activity by taking your child on a **StoryWalk**. Developed in partnership with the Glenview Park District, the **StoryWalk** displays the pages from a carefully selected children's storybook along a path in Little Bear Garden in The Glen. This is a great interactive activity for parents to enjoy with their youngsters!
- Don't feel like leaving the comfort of your home because the weather is challenging? The Library is at your fingertips anywhere, anytime via the **Library's new mobile App, MyMediaMall** (downloadable eBooks and eAudiobooks), **Zinio** (downloadable magazines), and a wide selection of electronic databases. Your library card is the “key” that unlocks the door to these valuable online resources.
- For the visually or hearing impaired patron, a multitude of assistive devices, including a state-of-the-art **Merlin HD Video Magnifier**, an **ADA compatible Computer Workstation**, a **TTY machine**, and a **Large Print collection** of fiction and nonfiction materials, are available free of charge for use at the Library.

Unlimited Possibilities @ Your Library

- In a hurry? Pick up and drop off materials anytime during regular business hours at the Library's **Drive-Up Window**. Please phone in advance to arrange pick-up. This is particularly appealing in inclement weather, as there is no need to park your vehicle and get out of your car. Stay warm, drive up and be greeted with a smile!
- The Library as gathering place—meet your neighbor for a cup of coffee in the entry lobby or reserve one of the Library's many public meeting spaces. **Study Rooms** are available for groups of 1-6 people, the **Multipurpose Room** is free of charge and seats forty-eight, and the **Community Room**, complete with kitchen facilities, seats 160 and can be reserved for a nominal fee.

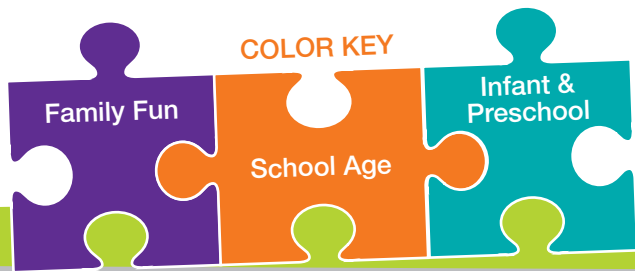

A special “Thank You” to the **Friends of the Glenview Library** for their most generous donation of \$40,000! These funds were made possible through the **Friends' Annual Appeal** and the very successful **Used Book Store** in the Library's West Entry Lobby. With the hard work of Irene Kreer and her dedicated volunteers, thousands of gently used books find their way into new homes each year—and the Glenview Library is the beneficiary. This gift from the Friends makes it possible for the Library to create many more “**unlimited possibilities**” for the residents of Glenview.

Stop by during National Library Week to sample some of the many special programs and events that are being offered. I would also like to warmly extend my personal invitation to the **Patron Appreciation Reception, Thursday, April 16, 2-4 PM** in the Library Lobby, hosted by the Circulation Staff. Enjoy the opportunity to mingle with neighbors and Library staff.

ART in the LIBRARY

When Art Meets Design

Friday, March 6–Wednesday, May 6 • Artist: Claudia Bianchi

Glenview artist Claudia Bianchi started painting at age nine, experimenting with many art forms throughout her life. Claudia's profession as a product designer and textile artist has been hugely influential—her design skills and personal art intimately intertwined. A watercolor she painted is turned into tablecloth patterns. Graphic design influences her personal canvases. Discarded threads from a textile project find their way into a painting. Whether it is her new nature series, a comic she is working on with her son, or honing her watercolor skills while painting with her mom, Claudia's sunlit studio in her Glenview home is infused with the reminder of how life affects art.

The Vitality Of Spirit • Art At Any Age

Friday, May 8–Wednesday, July 8 • Gallery Talk: Tuesday, May 12, 6:15 PM

Multiple Artists: Vi at The Glen • viliving.com/communities/glenview

Vi at The Glen's art class was formed ten years ago by a group of resident artists whose common interest in the visual arts brought them together to share a passion and a desire to create their own unique style of art. The original group was led by Ruth Bremner, noted painter and Dean of Students at the Ray Vogue School of Art. The class was joined by other talented artists, some who had previously put art aside to raise families. All members of this eclectic, vibrant community of artists speak of the need to nurture their creative talents because of the vitality creating art brings to their lives.

EXCITING NEWS FROM THE FRIENDS

In late 2014, the Friends duplicated their 2013 gift of \$40,000 to the Glenview Public Library, which will be used for added programming, events, and services that would not be possible from the Library's base income of tax dollars alone. This gift is realized because of **YOU**, our supporters, through your response to the **Friends' Annual Appeal**, your donations to the **Friends' special programming**, and, most of all, your support of the **Friends' Used Book Store**. Donations of books, music, and DVDs continue to pour in and are processed as quickly as possible to keep the stock fresh. There are always new books and materials to be seen, always priced below the market prices, waiting for your review.

JOIN US!

Several new members joined the Friends in 2014 and new volunteers accepted assignments in the Used Book Store. How does one become a member and/or a volunteer? Simply stop by the Used Book Store to pick up a form, fill in the needed information, and give it to one of the volunteers on duty or mail the form if you prefer. **We also invite you to our exciting 2015 program series.
